Corn grades will not be averaged.

Corn will be discounted to 15% at time of delivery

and to 13.5% for storage. Shrink = 1.18% moisture adjustment

.22% handling adjustment

1.40% Total Shrink Factor per Point

BEANS - 30¢ per point over 13%. Bean moisture will be averaged for the day, however, any loads 14% and above will not be averaged and will stand their own individual grade.

STORAGE CHARGES

CORN - \$0.18 for the first 90 days
\$0.0012 per day thereafter

BEANS - \$0.18 for the first 90 days
\$0.0012 per day thereafter

All grain will be considered stored after 5 business days from date of delivery. The Iowa Department of Agriculture requires that we follow our storage policy evenly across the board, therefore, no exceptions to this policy will be granted. All storage charges are billed monthly and are due within 30 days of statement date.

MISCELLANEOUS

GRAIN CHECKS – Please allow one full business day for processing of grain checks due to the large volume of paperwork that will be processed during the harvest season.

SCALE TICKETS – One copy of the scale ticket will be given to the driver who delivers the grain. Copies will not be included with the grain settlement.

IN/OUT CHARGE – Grain loaded out will be charged a 20¢ per bushel fee.
